Dear Kia Retailer,

Kia is pleased to announce pricing for the refreshed 2025 Sorento Hybrid (HEV) and Plug-in Hybrid (PHEV). The 2025 Sorento HEV and PHEV receive the same exterior and interior styling, safety and technology upgrades as the gasoline powered versions that arrived at your dealerships last month. In addition, all Sorento HEV/PHEVs benefit from enhanced suspension refinement with reduced road noise and a more premium driving experience.

The Sorento PHEV will be available at a more attainable price with the introduction of the EX AWD. Additionally, customers in select states such as California and New York, may be eligible for HOV access.

Among 18 mainstream brands, Kia is one of only three brands that offers a three-row hybrid SUV to help families make the most from their monthly budgets, with up to 36 MPG of fuel efficiency. Furthermore, you can be proud to represent the <u>only mainstream brand</u> that offers a full spectrum of electrified three-row SUV options with Sorento HEV, Sorento PHEV and EV9 in your line-up so as to appeal to the widest possible audience of SUV shoppers.
