**RE: 2025 EV6 Pricing Announcement**

Dear Valued Kia Retail Partner,

Kia America is pleased to announce pricing for the 2025 EV6. Kia's innovative all-electric SUV has been comprehensively refreshed inside and out, with new technologies, more safety features, and an increase in AER thanks to its larger battery.

Further extending EV6's appeal is the adoption of the North American Charging Standard (NACS) charge port for access to the Tesla Supercharger Network *without* the use of an adaptor. And, to make charging more convenient, the charge port has been relocated to the left rear corner.

Additional conveniences have been added to all trims, including wireless versions of Apple CarPlay and Android Auto, hard buttons have replaced touch buttons on the center console, and all trims are now equipped with automatic pop-out door handles (previously only available on GT-Line/GT trims). And, similar to EV9, full over-the-air (OTA) updates are now standard, providing customers with more frequent updates and enhancing long-term product satisfaction.

Key selling features, such as Surround View Monitor and Blind-Spot View Monitor from last year's Technology Package, have been made standard on Wind trim. These features are now offered as an option for the lower priced Light Long-Range trims.

**Another win for the 2025 EV6, with production moved to the West Point, Georgia, assembly plant (except for GT), along with new battery sourcing, the 2025 EV6 is now eligible for federal incentives of up to \$7,500 (IRA program, rules apply).**

Please review the Dealer Order Guide for a comprehensive understanding of the changes to standard content, as some features have been added and removed in comparison to MY24.

**At-a-Glance:**

- Updated Capability and Technology
  - Standard North American Charging Standard (NACS) Charge Port
  - Charging port located on the driver's side (excluding GT)
  - Apple Car Play and Android Auto now have wireless connectivity
  - New full Over-the-Air updates
  - 400 lb. increased towing capability to 2,700 lbs
- Updated Safety / ADAS
  - Standard side-mounted rear seat airbags

- Expanded availability of enhanced ADAS features, including Fusion+ Collision Avoidance, Parking Collision Avoidance, and HDA 2
- GT Trim
  - New standard power ventilated front sport bucket seats with driver's memory
  - Increased HP up to 641 HP and 568 lb.-ft. of torque (in Launch Mode)
- Design
  - New front and rear fascia, lights, wheels, and materials for the interior
  - New exterior colors (Nebular Blue and Yacht Blue Matte)
  - New interior colors (Green/Gray and Black/Brown)

**MSRP for MY25 EV6 (does not include \$1,475 destination):**

<u>Trim</u>	<u>MSRP</u>	<u>EPA Range</u>	<u>Increase from MY24</u>
Light SR RWD	\$42,900	237 mi	[+5 miles]
Light LR RWD	\$46,200	319 mi	[+9 miles]
Light LR AWD	\$50,300	295 mi	[+13 miles]
