May 16, 2025

Dear Valued Kia Retail Partner,

Kia America is pleased to announce pricing for the 2026 Kia EV9 three-row EV SUV. Now in its third model year and considered a carryover in 2026, there are still a significant number of important improvements to EV9 that will enhance its appeal and competitiveness in the marketplace. We are making EV9 more affordable, giving customers more charging options and adding more style.

The biggest news is that EV9 now adopts the North American Charging Standard (NACS) charge port, allowing access to the Tesla Supercharger Network without the use of an adapter.

On the styling front, an all-new Nightfall Edition Package is now offered on the Land Trim with unique 20-inch gloss black wheels, blacked-out badging and exterior trim, plus unique interior design elements. For GT-Line, new exterior two-tone colors have been added: Glacial White Pearl with Ebony Black roof and Wolf Gray with Ebony Black roof, accompanying broader changes to the color palette throughout the line-up

**To make EV9 more affordable, we have moved production to the West Point, Georgia assembly plant, and along with new battery sourcing, the 2026 EV9 is now eligible for federal incentives of up to \$7,500 (IRA program rules apply).**

For additional EV9 product details, and larger changes to the color palette, please refer to the 2026 EV9 Dealer Order Guide located on KDealer for a comprehensive understanding of the changes to product content.

**At-a-Glance:**

- Added 7-passenger seating: standard on Light Long Range and Land (requires Nightfall Edition Package)
- Added ADAS and convenience items to Wind trim
- Added standard Self-leveling Suspension and 5,000-lb. towing capacity to Land trim
- Better AER: Light LR 305 miles (+1mi), Wind & Land 283 miles (+3mi), GT-Line 280 miles (+10mi)

**MSRP Pricing (does not include \$1,495 destination charge):**

<u>TRIM</u>	<u>Power / Battery / Drive</u>	<u>EPA Range</u>	<u>MSRP</u>
Light SR	215-HP / 76.1 kWh / RWD	230 miles	\$54,900
Light LR	201-HP / 99.8 kWh / RWD	305 miles	\$57,900
Wind	379-HP / 99.8 kWh / AWD	283 miles	\$63,900
Land	379-HP / 99.8 kWh / AWD	283 miles	\$68,900
GT-Line	379-HP / 99.8 kWh / AWD	280 miles	\$71,900

Good Selling,

Eric Watson  
Vice President, Sales Operations
