22  
Alignments Sold

#### Emily B.

Quavion was awesome. He spent a couple weeks keeping me up to date on what they had in stock with the parameters we were looking for, made sure vehicle was good and clean for a nice ride home, and worked with us being 6 hours away. Great prices, great service, and we plan to work with Quavion again.

#### Rob H.

My service visit was wonderful, Steve N. my service advisor was very helpful and my truck was finished when he promised. Im very pleased with my whole service visit!

#### Mindy R.

From start to finish, this was an excellent experience. Shout out to Mike Leshar for making this a fun first car buying experience for my son.

#### Jon M.

So all my warning lights were going off on my 2018 Honda Accord and I was panicking like you do when EVERY warning light is going off. They got me right in, and did find some big things but worked with me and were so nice with everything. Kelly is my favorite. I've been being my car here since I got it and I won't ever take it anywhere else.

#### Pam D.

Brecken is an exceptional sales person. I greatly appreciated his honest opinions and his wealth of knowledge about all of the vehicles. Destiny in Finance is also an exceptional employee. She was very pleasant and prompt, and also a joy to work with!

#### Lynne S.

Our visit with Lee's Summit Subaru was exceptional. Amanda, our service representative, was quite knowledgeable regarding the services to be provided. We had a great deal done on the car and the turnaround time was one day. Unbelievable! I would recommend Lee's Summit Subaru to anyone that needs work on their vehicle with 10 stars.

#### Taylor C.

Had the pleasure of working with Chip this weekend who made the car-buying process as smooth as you could hope for. Answered all of our questions and explained everything thoroughly, you can tell he genuinely cares about his clients! Casey was also great, made sure we understood everything as we were signing and answered all of our questions. We will definitely come back to Smithville Ford for our next vehicle purchase!

#### Bailey

The shop guys were amazing on working on our vehicles. Customer for life
