### Keith S.

Perfect transaction. We set up the deal over the phone. I showed up. My new truck was ready. They looked at my trade. We did the paperwork. Joey and the rest of the team took care of everything! Seamless. Very smooth. Two hours total. I love my new Ranger!!

### Craig M.

Blue Springs Ford went above and beyond from their service department! Sam and his staff worked extra hard to tackle a warranty issue and handled it with it with great care and compassion. They understood what I was going through and got the extensive repair work completed. Would definitely recommend them!

### Victoria H.

One of the best experiences so far at any dealership I've ever been to! Brayan helped me and was very patient as well as everyone else. Will recommend my family and friends! 10/10 got my vote for the best dealership in KC for sure!

### Stacey P.

My CRV was having issues. Lee's Summit Honda to the rescue! They were professional and frequently communicated with me during the repair. My warranty covered the majority of the cost. Car problems are always inconvenient but they made it as painless as possible. There's a reason I've bought 3 cars from them. They will continue to get my business.

### Marty J.

Liz had a great personality and sense of humor. She was not a pushy or aggressive sales person. She was knowledgeable, and provided us with detailed information about the vehicle and L.S. Subaru as a company. We were not planning on purchasing the vehicle that day, but Liz and L.S. Subaru were able to work out a price that met our budget and we left in our new vehicle.

### Robin L.

Couldn't ask for a better experience diagnosing the source of my ENGINE LIGHT warning. Fast, efficient, professional and kind. Amanda went the extra mile as my service coordinator. More than fair price point. Thank you!

### Diane H.

Had a great experience with Chip, Casey, and Randy. They made me feel like a valued customer and heard my concerns about my vehicle. They also were willing to work with me, where other dealerships wouldn't because of past credit issues. Definitely recommend them and look forward to working with them in the future.

### Doug R.

I am from Tulsa and was visiting family in Smithville. I noticed a problem and took it to Smithville Ford. Steve got my truck in, diagnosed and gave me an estimate within a couple of hours. They ordered the part and had my truck ready to go the next day. And the bill was a little less than the estimate! Great service!

## Community Spotlight

Lee's Summit Subaru partnered with Saint Luke's East Hospital through the Subaru Loves to Care® initiative, delivering care kits, donations, and messages of encouragement to support cancer patients and their families throughout the month of June.

Lee's Summit Subaru celebrated the arrival of the redesigned 2026 Subaru Outback with a Freedom to Explore Launch Party featuring food trucks, games, giveaways, and a special Dogs Day Out visit from Annie of KC Pet Project, who joined the event while searching for her forever home.

## Celebrate Excellence, Growth & Harmony

Help us recognize the team members who go above and beyond each day at Balderston Auto Group. Our Excellence, Growth & Harmony Awards celebrate employees who live out our core values through their work and teamwork. Your nomination helps highlight the people who make our culture stronger.
