This past weekend, Brooke Thompson and Karanne Benton stepped behind the bar at the Worthy Pop-Up Bar, making drinks for a great cause. Their efforts helped raise \$18,838, contributing to an incredible \$230,224 total raised in support of Newhouse Kansas City. Rorey was awesome ensured everything was in order before I got there, and answered my questions thoroughly. Ensured all my expectations were met. Highly recommend Blue Springs Ford and Rorey. And if anyone is looking into Lightnings they are pretty rockin on Ice and Snow, really planted and in control 🍀

I bought a new car here over the weekend and the staff here made it as easy and enjoyable as possible. I specifically worked with Austen, Ian, and Jeff and they were all fantastic. They were all very knowledgeable and patient with me. I would send everyone I know to buy their cars here!

LSH is AWESOME!! They got me out in a timely fashion. The wait time was very minimal. My servicer, Natalia Alana-Navarro, was gracious and attentive. She went above and beyond to check on my vehicle and its maintenance. I appreciate her HONESTY and graciousness. LSH has a GREAT employee in Ms. Natalia. Keep up the excellent service.

This was my first time and I have to say that Lee's Summit Subaru is next level car buying. Everybody there is knowledgeable, friendly and so helpful. My plan was just to look but I drove away with a car I wanted at a great price and rate and totally satisfied. Trent and Destiny went above and beyond and I'm going to recommend them to everybody I know.

My 120,000 mile service was completed earlier than I expected and cost a couple hundred bucks less than the estimated amount. Ashton, the service rep, was efficient and got me into a nice clean '26 Forester rental. It was a day I definitely didn't need distractions or hassles and you guys delivered.

Huge shoutout to Larry at Smithville Ford for making my car search actually enjoyable. He was super chill, skipped the usual sales pressure, and handled everything quickly so I wasn't stuck at the dealership all day. If you're looking for a new ride without the headache, definitely go see him!

Fast, efficient and friendly. My oil change, rotation of tires and fluids topped off took less than 45 mins!
