Neil Schmidt
Service Advisor

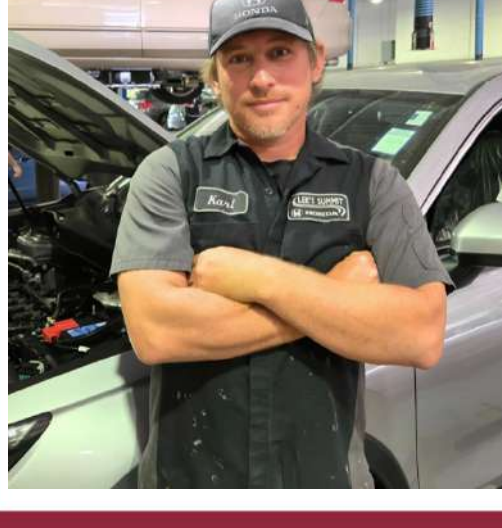

Jon Austin
Service Advisor

Kyle Cloninger
Service Advisor

Matt Peterson
Technician

Congratulations to Karl 'Anthony' Schmidt for Placing 3rd at the Honda Top Tech Contest!

Mark H.

The car buying experience was amazing. You must ask for Stuart Coleman as a salesman. He was knowledgeable and went out of his way to help me decide on a vehicle. Seriously, I can't recommend Stuart or Blue Springs Ford enough.

Michael S.

Had a very good experience with the service department. I had a noise at various speed levels that I had identified as coming from underneath the car ... which was correct. However, they ID'd the bigger issue and resolved the issue without great expense. Nice to not have to increase the sound on the radio to cover the noise at 75 mph :-). Thanks much!!

Thomas V.

We love our 2025 Honda Accord Sport. Lee's Summit Honda is one of the finest dealerships we have ever encountered. The sales manager, the finance manager, and the salesperson were over the top exceptional. Mike Leshner is a fantastic person that sells cars, with the client as his top priority. Thank you, Mike!

Lelia F.

Natalia was absolutely wonderful! She explained everything to me and I so appreciated it. Everyone I observed was so kind and helpful to customers. That's getting to be a rare thing these days.

Rachel W.

We recently purchased a Forester from LS Subaru and we are very pleased with how the process went. Levi was our sales rep and he was fabulous! He was patient, kind, and informative. It was a pleasant experience and we would happily recommend him to others looking to purchase a vehicle.

Betty B.

My experience was nothing short of extraordinary! Kyle is an amazing service advisor! He communicates well and only wants the best for the customer.

Jen K.

Tony Battaglia was great to work with! He called right after I inquired... and I explained what I was wanting and he made it happen.... Dave in the finance office was friendly and made me feel like family. The whole transaction flowed smoothly and was a great experience. Overall excellent customer service all around!

Alexis J.

Ford was very quick at diagnosing the issue with my truck. I really appreciated the pick up and drop off service, made it very convenient for my husband and I. Ryan was our service advisor and was very helpful and professional.

Community Spotlight

The Balderston Auto Group proudly supported Blood Cancer United at Light the Night 2025 — walking, fundraising, and fighting in memory of Mary Lou Light and all those impacted by blood cancer.
