The entire team at Blue Springs Ford handled my issue in a timely manner. Very professional communication from my service adviser, Samuel. I will definitely use Blue Springs Ford in the future for my vehicles service needs. Thanks again for the extra attention to detail.

Jack was so fun and easy to work with. The entire team made the process of buying a new car, quick and hassle free! If you're in the market for a new car, call Jack!

I've had my 2019 CRV for 6 years. Today I wanted to give it a good going over. Jon helped me today. He was delightful. I was grateful he was as careful with my dollar as I am. I was pleased at how much was done and the reasonable price for the work. I never take my car anywhere except Lees Summit Honda. Thank you Jon 😊

Kevin C.

Liz Myers made the new car buying process so easy. We came in at noon looking for a new car and we were driving our new car by 5 PM. We are very satisfied buyers and we highly recommend Liz and her team! Thank you!

Victor P.

Tyler in the service department was amazing to work with. Some of the best customer service I have received from a business in a long time!

Amanda L.

We bought a 2026 Ford Explorer from sales member Gavin. He was attentive and helped us test drive multiple explorers until we found the right fit. The sales and finance team were able to get us a good trade in on our current car and good payment. We had a great experience at Smithville Ford!

Sandra H.

Steve was personable and treated me with respect. work was completed in a timely manner.
