

Allstate® Guaranteed Asset Protection

Guaranteed Asset Protection (GAP) helps waive the difference between the Primary Insurance Settlement and the outstanding balance of the vehicle on the date of loss. In the event the vehicle is deemed a constructive total loss due to an accident or theft, the auto insurance policy covers the fair market or actual cash value of the vehicle. The amount owed to the Lender may be more than the consumer's insurance settlement. The difference, or gap, could cost the consumer thousands of dollars.
