PREMIER DEFENSE VEHICLE PROTECTION PRODUCTS

This brochure is intended solely as a summary of the benefits provided by the Premier Defense limited product warranty. You must read the complete contract forms for a listing of all applicable terms, conditions, limitations, restrictions and exclusions. Actual repair costs may vary by vehicle and region.

PDEFRTB BRO (06/19)

Protect your investment.
Inside and out.

LEATHER AND VINYL PROTECTION

Premier Defense Leather & Vinyl Protection is a penetrating treatment designed to condition and protect the natural softness and beauty of leather and vinyl.

- Protects seats, door panels and dashboards.
- Prevents seats from drying and premature aging.
- Forms a protective barrier against food and drink stains.
- Maintains original lush texture and quality of new leather and vinyl.
- Creates a stain resistant shield while conditioning and preserving.

FABRIC PROTECTION

Premier Defense Fabric Protection is formulated to protect the original beauty of your vehicle's fabric and carpet. The specially formulated polymer penetrates and coats each fiber with an invisible barrier of protection against water and oil based stains.

- Helps protect against stains.
- Bonds to individual fibers without altering texture, scent or color.
- Easy clean-up; liquid spills blot up with a cloth.
- Impedes fading with ultra violet filters.
- Bonds to the fabric creating a stain resistant shield that allows the fabric to breathe.

Premier Defense PAINT SEALANT

Premier Defense Paint Sealant contains a proprietary blend designed to deliver optimal protection. This exterior protection product creates a surface resistant to outdoor hazards including the damaging effects of weather and the environment, harmful UV rays from the sun, unexpected bird droppings and other harsh conditions encountered during every day driving. Help preserve your vehicle's showroom shine by adding this powerful layer of protection.
