

VOLVO CERTIFIED COLLISION FACILITY

SAFETY IS NO ACCIDENT

V O L V O

WE ARE PROUD TO BE RECOGNIZED AS A VOLVO CERTIFIED COLLISION FACILITY

When your Volvo needs collision repairs, you have a lot of options. The goal is to get your car back to the same level of safety and performance it had before your accident. The simplest way to do that is to bring it to a Volvo Certified Collision Facility like ours!

CERTIFICATION STANDARDS

Volvo sets exacting standards for Certified Collision Facilities to help ensure that all work will be performed to Volvo's factory specifications by expertly trained collision repair technicians. Our shop has made all the necessary investments to satisfy Volvo's strict requirements and be recognized as a Volvo Certified Collision Facility. That means a superior repair experience for you.

MAKING LIFE LESS COMPLICATED

As a Volvo Certified Collision Facility, maintaining the safety and integrity of your vehicle is our top priority. Plus, our goal is to provide complete customer satisfaction by offering a premium service and facilitating the entire repair experience. For example, working as your advocate with your insurance company, we'll insist that Volvo Genuine Parts are used for all repairs.

VOLVO GENUINE PARTS

Volvo genuine safety components and systems are designed to reduce the harmful effects of a collision. The structural integrity of your Volvo depends on the quality of every body part used. Volvo Genuine Parts are the exact same parts that were installed at the factory, so they fit better, look better, and offer one of the best warranties in the industry. But above all, it's about safety. That's why it's important to insist on Volvo genuine replacement parts whenever possible. A Volvo Certified Collision Facility will always recommend installing Volvo Genuine Parts.
